

REMARKS

In the office action mailed January 16, 2007, Claims 1-22 were pending for consideration. Each of these claims was rejected by the Patent Office under 35 U.S.C. § 103(a) under the judicially created doctrine of “obviousness type double patenting” in over United States Patent No. 6,630,166 further in combination with United States Patent No. 6,346,269. In response, Applicants submit herewith a terminal disclaimer disclaiming any term of any patent issuing from the present application which extends beyond the expiration of United States Patent No. 6,630,166.

As the filing of a terminal disclaimer obviates an obviousness type double patenting rejection, Applicants respectfully submit that the present rejection is moot and requests that it be withdrawn.

CONCLUSION

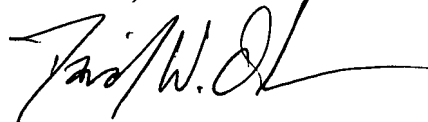

In view of the foregoing, Applicants believe that presently pending claims 1-22 present allowable subject matter and allowance is respectfully requested. If any impediment to the allowance of these claims remains after consideration of the above remarks, and such impediment could be alleviated during a telephone interview, the Examiner is invited to telephone Mr. David Osborne at (801) 566-6633, so that such issues may be resolved as expeditiously as possible.

Please charge any additional fees except for Issue Fee or credit any overpayment to Deposit Account No. 20-0100.

Dated this 12th day of April, 2007.

Respectfully submitted,
